

# 2020 CEJA ACTION VOTER GUIDE

## We Rise Together: Our Voice, Our Vote

November 3rd will be a pivotal election for communities of color and low-income communities. This year we have experienced the multiplying burdens of the COVID-19 crisis and economic recession on top of the polluting and toxic living environments that threaten environmental justice communities. While our futures may be unknown, now is the time to rise and unite our voices to elect progressive champions in our state and across the country who will reinvest resources for our families and center community well-being and care.

**By November 3rd, join millions by voting in one of three ways:**

Complete and send your mail ballot as soon as possible, no stamps are required

Complete your ballot and return it at a voter dropbox or polling place in your county

Vote in-person at your nearest polling place

## ON NOVEMBER 3RD, VOTE TO ELECT ENVIRONMENTAL JUSTICE CHAMPIONS:
